

# NATIONAL AFRICAN FARMERS UNION OF SOUTH AFRICA

**The National African Farmers Union of South Africa (NAFU SA)** was formed 14 years ago with the aim of facilitating entry of black farmers into the mainstream of agriculture through lobbying and advocacy. Members include farmers, agribusinesses and corporates as associate members.

## Mission

To facilitate entry of black farmers into the mainstream of the economy through lobbying and advocacy, and by implementing development programmes aimed at ensuring their growth and sustainability.

## Objectives of the union

- To promote the interests of members and act as their mouthpiece.
- To promote the acquisition by its members of agricultural land and lobby for appropriate tenure arrangements.
- To ensure the removal of all legal restrictions that inhibit the activities of small and emerging farmers.
- To facilitate access to finance and acquisition of resources.
- To encourage and support the development of its members from subsistence to commercial agriculture through the formation of *inter alia* co-operatives and commodity groups.
- To encourage better agricultural production practices and utilisation of agricultural resources.
- To instil the spirit of enterprise in its members.
- To engage in and facilitate the provision of training and skills development in its members.
